Sizing the FY26 audit plan: the ledger's population exception count

Drumcondra Provisions Group, Group Internal Audit. Prepared by Ruairi Barnett, Group Head of Internal Audit. 03 July 2026.

The figure the plan is sized on

15,000 postings in the group's general ledger tripped the continuous monitoring ruleset in FY26 P1 to P9. The platform raised 7,481 journal entries as exceptions over the same window. The two are not alternative counts of the same thing: the platform writes one verdict for a journal entry, and an entry carries anything from one posting to 2,347, so the entry count is a count of vouchers and the plan needs a count of postings.

By trading unit

Trading unit	Entries raised	Postings that tripped	Postings	Per 10,000 postings
DPG-110 Drumcondra Central Cash and Carry	792	1,700	120,384	141.2
DPG-120 Finglas Cash and Carry	920	2,100	123,438	170.1
DPG-130 Naas Road Cash and Carry	732	1,500	116,460	128.8
DPG-210 Cork Kinsale Road Cash and Carry	659	1,300	114,990	113.1
DPG-220 Mallow Cash and Carry	599	1,100	112,734	97.6
DPG-310 Galway Oranmore Cash and Carry	623	1,200	114,870	104.5
DPG-320 Castlebar Cash and Carry	695	1,400	115,806	120.9
DPG-410 Limerick Raheen Cash and Carry	560	1,000	107,172	93.3
DPG-420 Waterford Belview Cash and Carry	754	1,600	118,608	134.9
DPG-510 National Contracts	514	900	89,374	100.7
DPG-610 Drumcondra Bakery	502	800	68,967	116.0
DPG-900 Group Services	131	400	22,960	174.2
Group	7,481	15,000	1,225,763	122.4

Payables reconciliation and monitoring coverage, FY25

The FY25 subledger accrual reconciles to the purchase ledger control account with a difference of EUR 621,788.32 at group level, which is goods received not yet invoiced; accruals posted to another unit net to EUR 0.00 across the group and move four units. Unit and quarter detail, the FY25 till reconciliation and the monitoring coverage shortfall are in exception_population_bridge.xlsx.
