Part 3. Definitions used in this Schedule

Eligible Expenses. Amounts the Plan has paid for covered medical and prescription drug services under the terms of the Plan Document in force at the start of the Policy Period, after member deductibles, copayments and coinsurance, coordination of benefits, provider discounts and any prescription drug rebates, administrative fees and cost-containment fees, and within the contract basis above.

Covered Person. An employee, early retiree or dependent covered under the Plan on the date a service is received.

Paid. A claim is paid on the date the claims administrator releases the payment, provided funds are available in the Plan's account when the payment clears.

Run-in. Claims incurred in 2026 are eligible under the specific coverage only if paid within the Policy Period.

Part 4. Notification and claims

The Policyholder or its claims administrator will notify the Company within 30 days after a Covered Person's paid claims in the Policy Period reach $150,000, and within 30 days after any of the following is first coded on a claim: a malignant neoplasm under active treatment, an organ or bone marrow transplant evaluation, end-stage renal disease or dialysis, a neonatal intensive care stay over 10 days, a spinal cord or traumatic brain injury, or a specialty drug with an annual cost above $100,000. Requests for reimbursement are submitted with an itemised claim history and proof of payment; the Company pays within 30 days of a complete request.

Part 5. Renewal

The Company will offer renewal terms at least 60 days before the end of the Policy Period. Renewal terms may change the deductible, factors, premiums and individual deductibles on the basis of the Plan's experience and the disclosure provided with the renewal application.
