Rathbroe Pension Services
Administered schemes: active membership at 31 March 2026

Prepared for the trustees of the administered schemes. Issued 24 April 2026. Owner: Scheme Secretariat.

Active membership is stated for each scheme separately, as held on the administration record at 31 March 2026, and is split by contribution status: a member whose contributions are suspended remains an active member of the scheme. Where a sponsoring employer returns membership for more than one of its schemes on a single return, the figures below are the per-scheme split held on the administration record rather than the figure as returned.
